

# What to do in London

## Good tourist destinations are:

- The Tate modern art museum.
- The London Eye
- London dungeons
- St Pauls Cathedral
- St Stevens Tower (well known as Big Ben, but that is the name of the bell inside the tower).
- Buckingham palace (you can't just walk in you have to get a ticket, the internet will help you).
- Kew Gardens (lots of beautiful flowers, it's so big you can make two days of it).

The easiest way of travelling is by train or the subway (not the sandwich shop!!)there are lots of maps you can get at the station, also there are pretty good deals for getting tickets that mean you can have one ticket for one day that can take you anywhere!!!!
